41-1048 Teacher	14.99

"Even the Wind and Waves Obey Him" is a theme-based program that reveals God's power through thirteen Bible stories that show how God uses natural elements from His creation for His purpose. Either a hands-on activity or a demonstration is used to reinforce each lesson's main idea.

Two new resources are offered with this summer's program. Student leaflets feature realistic Bible art for each week's lesson. A summary of the Bible story is on the back. The **enhanced** Director's Guide CD-Rom includes: opening activities, large group storytelling, craft ideas, snack guides, decorating suggestions, science activities, rotation guides, coloring pages, games and puzzles, service project ideas, and music. These are offered for purchase for customers who want a more involved summer program.
